

Community Access Announces a New Mental Health Program for Adults East Village Access

PROS: Personalized Recovery Oriented Services
One Program. Lots of Services. All About You.

www.communityaccess.org

Are you experiencing psychiatric disabilities?

Recovery can be a life-long journey of healing, discovery, challenges, and possibilities. East Village Access can help you learn about employment, education, housing, health, and social opportunities—whatever is needed to make your aspirations real.

What's next?

Using PROS—Personalized Recovery Oriented Services—East Village Access offers you an opportunity to identify your strengths, overcome barriers, and build skills for goal-setting, growth, recovery, and self-directed living.

One Program. Lots of Services. All About You.

- Job support and help with going back to school
- Health screening and nutrition
- Symptom management
- Information on self help
- Clinical counseling and therapy
- And many more activities, like horticulture, cooking classes, yoga, computer instruction, and a book club.

East Village Access
242 East Second Street (near Avenue C)
New York, NY 10009
